About Us

Working with our business members, PaddingtonNow aims to create a more attractive, safer, greener, better marketed and well represented Paddington for the 350 businesses across 34 streets located to the west, south and east of Paddington Station.

We provide a range of services driven by the needs and ideas of our members.

PaddingtonNow Ltd is a not-for-profit company limited by guarantee. The Company's Board of Directors is drawn from all business sectors in the Paddington area.

Putting Paddington On The Map

PaddingtonNow works to position Paddington as a destination of choice through a programme of marketing tools and encouraging more people to enjoy this vibrant quarter of London.

PaddingtonNow is also the title of our biannual magazine telling the stories and news of Paddington. Local businesses receive a discounted rate on advertising in the magazine which is circulated to all the businesses, hotels and homes in the area. Sign up to our newsletter to stay informed of local news. We also run networking events and seminars of business interest.

Looking Good, Feeling Good

PaddingtonNow has been transforming the area over the last ten years – working with the City of Westminster to improve our garden squares, re-instating railings and landscaping gardens the entire length of Sussex Gardens, repaving Praed Street and London Street, funding hanging baskets across the area and planters on Praed Street and Conduit Place. In 2014 we created Paddington's very own green wall and rain garden at St Mary's Hospital.

Get Involved

PaddingtonNow acts as a voice for businesses in the Paddington area, as an advocate and lobbyist on issues of priority.

If you need help just give the PaddingtonNow team a call on **020 2145 1212**. We'd love to hear from you.
